Objective

Reliable, energetic, and resourceful Software Engineer with a passion for writing clean, scalable and performant code in the MERN Stack. Dedicated to contributing to the success of dynamic and fast-growing companies like Profit Peak. Proficient in a variety of programming languages including JavaScript, Typescript, Tailwind with experience in developing web applications and websites from scratch. Skilled in using various frameworks including Next.js, React and Node.js, as well as database management systems such as MongoDB and Prisma.

EDUCATION AND TRAINING

Full-Stack Development Coding Bootcamp

Dented Code Academy - Sydney, NSW   (July 2022 – April 2023)

Learn to build a real-life project using MERN stack technology and beyond.

- Completed intensive training in MERN stack development, including ReactJS, Node.js, MongoDB, and Express.
- Developed real-life projects using agile methodologies and participated in sprint cycles for feature development and testing.
- Proficient in API integration and collaboration with cross-functional teams.

Bachelor's Degree – Information Technology and Systems,

Victorian Institute of Technology – Sydney, NSW   (March 2020 - June 2022)

- Coursework focused on software testing, Java programming, database fundamentals, and software development life cycle.

PROJECT

E-commerce website

- Developed a full-stack E-Commerce platform with an Admin Dashboard using Next.js 13 App Router for client-side routing
- Utilized the latest web development technologies including React, Tailwind, Prisma, PlanetScale, and NextAuth
- Implemented Add to Cart functionality and integrated Stripe for checkout finalization in both Admin and Store sections.
- Deployed the application to Vercel for hosting and deployment purposes.

TECHNICAL SKILLS

- **Languages**: JavaScript, HTML, CSS, Typescript
- **Frameworks/Libraries**: React, Redux Toolkit, Next.js
- **Version Control**: Git
- **Backend**: Node.js, Express.js, MongoDB
- **Tools**: Trello, Figma
- **Cloud Services**: AWS

CERTIFICATION

- AWS Certified Cloud Practitioner (In Progress)

SOFT SKILLS

Discission making, Problem-solving, effective communication, Time Management

HOBBIES

- Football
- Guitar
- Reading
